Laura Hanson

Team Leader, Actuarial Specialist
Pension Administration Services

As Team Leader and Actuarial Specialist, Laura plays an integral role in the set-up and conversion of defined benefit plans into the pension administration system. She provides primary support to all users of the system within the organization as well as works directly with technology support to assist with any systems related matters. Laura provides training and communication for staff as needed, for both new and ongoing features and enhancements. In addition, Laura provides a range of defined benefit services to corporate and municipal clients including benefit calculations, actuarial valuations and expense and disclosure calculations.

Laura joined Hooker & Holcombe in 2001 and has over 20 years of experience in the actuarial field. Prior to joining the firm, she worked as a defined benefit actuarial assistant for Cigna. In this capacity, she served as an analyst for corporate and municipal clients, and assisted in the creation and testing of their defined benefit recordkeeping system.

Laura earned a Bachelor of Science in Applied Actuarial Mathematics from Bryant University.
